School Closure Update- 3/17/20

At this time we do not have any new information pertaining to what this school closure looks like. Assistant Superintendent Gill is hoping that by March 27th the State will have information for school districts and what the future plans look like for the state of Oregon. Currently, school is expected to resume for students on Wednesday, April 1st, 2020. Jordan Valley School District is also currently putting together long term plans in order to be able to get instruction to students in the case that school closures are extended. Next steps will be based upon the information received from Governor Brown and Assistant Superintendent Gill when that is released to the school districts. You can currently find all information that has been communicated to schools at <https://www.oregon.gov/ode/students-and-family/healthsafety/Pages/COVID19.aspx>. There are many FAQs that have some answers, but depending on the longevity of school closures, much of that information is subject to change. Once again the patience and understanding of the community is much appreciated at this unprecedented time in education. Please continue to check the school website and Facebook page for updates.

Thank you,

Rusty Bengoa

Superintendent

Jordan Valley School District #3
